

THE YOUNG MOTHER

OFTEN NEEDS A TONIC TO BRING BACK HER STRENGTH.

Dr. Williams' Pink Pills Are Just the Remedy Because They Are Effective and Cannot Harm Even the Most Delicate Constitution.

"The young mother who finds that her health and strength does not return after confinement needs a tonic. After the nurse has gone and the doctor has stopped his visits a weakness often continues which unfits her for her household duties, and it is then that tonic treatment is needed. But great care must be used in the selection of a strengthening medicine, especially if the mother is nursing the child. Dr. Williams' Pink Pills, which contain no opiates or other harmful drugs, are just suited to the mother's needs."

Mrs. Ethel K. Foster, of 1303 South Sheffield Avenue, Indianapolis, Ind., bears witness to this when she says: "After the birth of my two children I became in a terrible rundown condition, and I was sick and weak for about a year and a half. I was always up and around, but would have to lie down many times during the day. I couldn't do much work, for I would get so weak and tremble so that I would have to lie down. I suffered constantly with headaches, which were in front and on top of my head. There was a feeling on top of my head as though a weight was coming down on it. I would get so dizzy that I couldn't turn around quickly. If I did I would fall down. My heart was weak and I would get out of breath after any little exertion. Many times I would start out for a walk to get a little exercise, but was so weak I could go only a little ways. I lost in flesh until I weighed about 90 pounds. I was pale and yellow, my lips had no color, and my eyes were sunken in my head. I looked like a dead woman. I was under two doctors' care for about nine months. While they kept encouraging me, I grew no better and was completely discouraged. I was induced to try Dr. Williams' Pink Pills, and after I had taken them a while I felt so much better that I went to work. I was in good luck and was well. My complexion is healthy, and I weigh about 125 pounds, which was my weight before being sick."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

ARE AFRAID OF DOGS.

Number of Cases of Hydrophobia Causes Norfolk to Take Action.

[Special to The Times-Dispatch.] NORFOLK, VA., May 28.—Owing to the large number of mad dogs reported from day to day on the streets, and the fact that a number of other animals have been bitten by the rabid canines, the Board of Control has ordered that the dog-catchers begin work at once. It is proposed to rid the city of all unlicensed dogs.

It is further announced that at the June meeting of Common Council Monday night an ordinance will be passed providing that all dogs allowed on the streets must either be muzzled or leashed. Several attempts have been made in the past to enact such a law for the city, but so far failed. It is believed, however, that the ordinance will receive hearty support and pass both branches of Council.

DEEP INTEREST IN WORK OF CHURCH

Missions, Laymen's Movement and Other Matters Discussed at West Point.

[Special to The Times-Dispatch.] WEST POINT, VA., May 28.—The meeting here of the Richmond District Conference, Methodist Episcopal Church, South, with three sessions a day and a large attendance, has proved very interesting. The discussions of missions and other subjects relating to the work of this great denomination in the Richmond District have been of a high order.

Dr. Rawlings in opening the session expressed the hope that all routine would be eliminated from the reports, and that there might be a direct, brief discussion of the matters to come before the conference. After the appointment of committees, Rev. Mr. Vaughn, of the West Point Baptist Church, and Rev. Dr. James Cannon were invited to seats as visitors. Rev. Mr. Rider, of the Anti-Saloon League, made report, and his license as a local preacher was renewed.

Rev. Mr. White presented a very excellent paper on the "American Bible Society." Here are several good little things he said: "One copy of the Bible is printed every six seconds, day and night." "It is the book of all languages and dialects." "Patrick Henry saved his children, 'I leave you this book, take it, follow it.'"

Dr. Cannon was called for and stated that the cause is in need of funds, and that funds can be raised for the society by showing the importance of the ringing speech. He deplored a lack of necessary funds. Dr. Galloway made an earnest prayer for enlarged spirit of missions and liberality. The Rev. Mr. Bradford discussed "The Mighty Passion for Missions." He said: "The world is not a place of history, mystery and tragedy, but it is a place of mighty opportunity."

Many interesting things were developed in connection with the reports of the ministers in charge of the various stations. It was demonstrated that the many do not favor the plan of making one big collection and prorating it among the several enterprises of the conference. There is a feeling that every one should "give as the Lord has prospered." The Rev. Mr. Christian made a capital address on "The Conference Plan." He advised information, agitation, and suggested that all stop piddling with missions. He spoke of "last words," and said the Master's last words were "send the gospel."

Rev. A. B. Sharp made an address on "Prayer and Missions." At 12 o'clock Dr. Kelly, of Richmond, delivered a fresh and forcible sermon from Matt. xxviii. 18-20. His theme was "Christian Imperialism." Dr. G. W. Wray spoke at the afternoon session in behalf of the Sunday school board's work, and explained its methods. Some excellent talks about the "men's class" movement were made by several of the delegates engaged in this great work.

Rev. James Cannon made an interesting address on the educational forces of the denomination in Virginia. The night session was devoted to the laymen's movement. Addresses emphasizing the importance, growth and power of the movement were made by Messrs. L. T. Christian and G. M. Smithdale, of Richmond; Dr. Kelly, of Broad Street Church; Rev. Mr. Christian, of Newport News; Rev. Mr. Potts, of Union Station, Richmond; and Rev. Mr. Hudson, of Newport News.

The session was one of the most interesting of the conference.

BOX-FACORY FIRE AT BEDFORD CITY

Building Destroyed, Machinery Very Badly Damaged and a Residence Burned.

[Special to The Times-Dispatch.] BEDFORD CITY, VA., May 28.—The plant of the Bedford Box Company, was consumed by fire this morning, the machinery destroyed or seriously damaged, and the residence of Mr. H. Smith, the manager, upon the same lot, was also burned. The most of his household goods and furniture were saved. The origin of the fire is unknown. A little before 3 o'clock this morning the fire was discovered by some one on a passing freight train, and the whistle of the engine began to send forth shrill, prolonged notes of warning, succeeded later by the loud, insistent ringing of the fire alarm, rousing the community, save the most profound sleepers. When the fire department arrived on the scene the building, which being old, of frame and very combustible, was past saving, the adjacent building was protected, especially a large tobacco factory perilously near.

The building was owned by Mrs. Graham Claytor, and is reported as insured, but there were policies of insurance in two companies on the machinery and fixtures, which will perhaps cover the loss. The business of the plant was conducted in the name of Mrs. L. A. Smith, the wife of the manager.

DIY FORK DEPOT BURNED.

Valuable Freight and Express Records Consumed.

[Special to The Times-Dispatch.] CHATHAM, VA., May 28.—Several hundred dollars' worth of freight and express records of the Southern Railway and Southern Express Companies and the depot of the Southern Railway Company, at Dry Fork, four miles south of this place, were burned Tuesday night. The fire originated in the freight room, and when discovered by Night Operator Gordon Witt, about 9 o'clock, had gained such headway that nothing was saved. The large store and stock of merchandise of Bryant Bros., just across the track from the burning building, and when discovered in danger, but a bucket brigade was quickly formed and kept the exposed side streaming with water until all danger was over.

The closing exercises of the Chatham High School will be held in the High School building on Friday. On the nights of the 4th and 5th of June, the closing exercises of the Warren Training School will be held in the opera house, closing with a banquet at Hotel Bennett.

BIG FIRE IN CULPEPER.

Planting Mill and Lumber Plant of Waters & Covington Burned.

[Special to The Times-Dispatch.] CULPEPER, VA., May 28.—A disastrous fire took place here early this morning, the large planing mill and lumber factory of Waters & Covington, with most of the contents of the buildings and yards, being entirely consumed. This was the largest industry of its kind in this section, and it entails a loss to the owners of \$12,000. Insurance only \$2,600. The origin of the fire is as yet not known.

FOR NEW PUBLIC BUILDING.

Item of \$60,000 in Public Buildings

[Special to The Times-Dispatch.] LEXINGTON, VA., May 28.—Residents of Lexington feel much gratified over the prospect of a \$60,000 public building, according to a recent bill passed by Congress. The press reports said specifically that Lexington was included in the appropriation, so in response to a telegram to Representative Flood the following message was received Tuesday:

Washington, D. C., May 28, 1908. The Lexington Gazette, Lexington, Va.: Lexington was in public building bill for \$60,000. The bill passed the House, the Senate and the conference committee. It is safe.

H. D. FLOOD.

For nearly two years the question of a new post-office building has been discussed in Lexington. Dr. Denny, of Washington and Lee, and Postmaster Patton talked the matter over, and Dr.

Denny wrote to Mr. Flood, representative in Congress from this district, and urged upon him the needs of Lexington. Mr. Flood replied to Dr. Denny, and other developments followed. A committee, composed of Dr. Denny, Colonel E. W. Nichols, Messrs. G. D. Leitcher, P. M. Penick and Postmaster Patton, visited Washington in March and met with the congressional committee in the interest of the new building. The Lexington delegation returned home feeling that their mission would accomplish good results. The question of location of the building is one that will have to be considered. A number of desirable lots are available, and it is hoped that the owners will ask only fair prices; otherwise the building might be located in some undesirable place.

ROBS AN OLD WOMAN.

Supposed Friend Uses Bogus Letter to Secure Her Money.

[Special to The Times-Dispatch.] BOYDTON, VA., May 28.—A case of swindling an old colored woman named Harriett Beard, who resides about a mile from this place, out of \$40 in cash, has just come to light.

A strange negro came to her home bearing a letter purporting to come from her son, who lives in the North, which stated that he was desperately ill, and wanted her to come to him at once. Aunt Harriett had a certificate of deposit with the banking firm of Williams & Goode for \$40. She took her certificate to the bank, and showing the letter and expressing her distress at receiving it, induced the firm to take up the certificate, and she was paid in full. She immediately returned stranger waiting. She laid the money down on a table by the new friend, who at once took it up, put it in his pocket and then took the letter, tore that up and took his departure coolly. The old woman has no idea who the man is or where he came from.

SUSTAINS APPEAL MADE BY TEXAS

Assembly Stands by Presbytery Rather Than Synod—Importance of the Church College.

GREENSBORO, N. C., May 28.—When to-day's session of the General Assembly of the Southern Presbyterian Church began devotional services were conducted by Rev. Dr. A. A. Little, of Alabama. Reports from a number of committees were presented, but all were sent to the docket for future consideration.

The case of the Presbytery of Eastern Texas against the Synod of Texas, hearing of which was begun last night, was resumed to-day. Argument on behalf of the presbytery was presented by Rev. J. H. Lacy and Judge A. H. L. Lacy. Argument for the synod was opened by Rev. J. P. Robertson. The case is an appeal from the action of the synod. The presbytery refused to grant a petition from the church at Beaumont, Tex., to dissolve the relation of its pastor, Rev. F. E. Robbins. The matter was taken to the synod, which ordered the pastoral relation dissolved. Now the assembly is asked to sustain the presbytery and reverse the synod. The hearing of the appeal was completed late this afternoon. The vote stood, to sustain in part 5. A committee was appointed to formulate the judgment of the assembly in the case.

Publication Report. The report of the committee on publication, Sabbath-school work and young people's societies was presented and adopted. A vote of appreciation was tendered R. E. Maxwell secretary of this committee, who was re-elected for a term of three years. To-night the first business was the presentation and adoption of recommendations of the church college. The report calls for \$50,000 next year, \$40,000 in each department. Rev. Henry H. Davidson, College, was asked to present to the assembly some statistics which he had compiled. Prof. Smith, dean of the college, said that the college is steadily losing ground in the South, and that the church at large is unaware of its doing. He referred to the church colleges for men, which are fighting for their life. He said we are now in the golden age of the church college for women.

The committee on audits made its report, and it was adopted. The salary of stated clerk was fixed at \$1,000 per year, payable monthly, with an allowance of \$100 for assistance. Church College Indispensable. The committee on schools and colleges presented a number of recommendations. Pending this report Prof. Henry Louis Smith, president of Davidson College, was asked to present to the assembly some statistics which he had compiled. Prof. Smith, dean of the college, said that the college is steadily losing ground in the South, and that the church at large is unaware of its doing. He referred to the church colleges for men, which are fighting for their life. He said we are now in the golden age of the church college for women.

ASKED TO GATHER AND GIVE THANKS

Executive Committee of Anti-Saloon League to Issue Request for Thanksgiving Services.

RALEIGH, N. C., May 28.—The executive committee of the Anti-Saloon League, which had the direction of the State prohibition campaign, through Chairman John A. Oates, is preparing to issue an appeal to the churches of all denominations in the State for thanksgiving services, to be held either next Sunday or the earliest Sunday thereafter that is convenient for the respective congregations, when thanks will be given for the prohibition victory and a collection taken for meeting the deficit of about \$2,000 in the prohibition campaign fund. It is understood that State Chairman Oates has his personal assurance to printers and others who rendered the service that the money would be forthcoming soon after the election.

Chairman Oates was busy to-day closing his office here, preparatory to turning it over to his successor, Mr. A. B. Blake, who will remain official State prohibition headquarters and keep up the State organization.

Preacher Up for Betting. A. B. Blake, who runs a meat market here, and is a sanctification preacher, was indicted to-day in the court of Justice of the Peace Charles Separks on the charge of betting on the result of the prohibition election. A. B. Blake was also indicted as the other party to the offense. It seems that Saddler offered to bet the preacher two to one that the State would go against prohibition, and the preacher put up the money. The case will be tried to-morrow afternoon.

The closing exercises of the State School for the Blind will take place to-morrow at 11 o'clock, the address by Governor Glenn. The attendance the past session was 352. There are no graduates this year. Ira Oakley, the white man brought here from Charleston, Va., recently to answer to the charge of burning the dwellings of James Underwood, near Fuquay Springs, the wife and child of Underwood losing their lives in the fire, is to have a preliminary hearing June 4th.
